## Hope Specialty Cleaner

Pre-spotter

Hope is a 100% active citrus based blend of degreasers and emulsifiers with a remarkable versatility application. Originally formulated for the laundry industry, use of Hope has rapidly expanded to the food services, transportation, industrial machinery, hotels and motels, and building maintenance industries as well as to sewage treatment and garbage disposal and processing plants.

#### DIRECTIONS FOR USE

**Laundry pre-spotter:** Spot stained area liberally; 'feather' with spotting brush if available. Allow ten to thirty minutes before washing. **Laundry additive:** Add in equal parts with wash detergent. **Drains:** Pour about 8 oz. '747' into drain and allow stand for up to one hour; then flush with hot water. **Grease traps:** Add about four ounces weekly, allow to stand for one hour, if possible, then flush. **Odor control:** Make 4 oz. per gallon dilution, then spray dumpsters, trash cans, other refuse receptacles and raw sewage areas. **Graffiti or heavily greased surfaces:** Prepare a thickened emulsion by mixing about 3 parts '747' with one part cold water, mix well and apply to surface by brush or sprayer. Allow to stay for 5-10 minutes; remove with a strong stream of water. **Gum and adhesives removal:** Apply product directly or via a thickened emulsion (see instructions above for graffiti removal) to surface where undesirable gum/adhesive is found. Allow product to work on stain for 5-10 minutes, use abrasive action as is needed to further loosen bond to surface, pick up liquid and rinse out completely with water. **Greasy machinery, equipment and parts:** Brush, wipe or spray undiluted product onto soiled areas, agitate when necessary and rinse with strong stream of water or high pressure steam.

#### WARNING

#### HAZARD STATEMENTS

Combustible. May cause eye and skin irritation.

#### PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles and protective clothing. Do not breathe mist /vapors /spray. Wash thoroughly after handling.

#### FIRST AID

**Eye Contact.** Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist. **Skin Contact.** Wash skin with copious amount of water. Seek medical attention if symptoms persist. **Inhalation.** Remove to fresh air. Seek medical attention if symptoms persist. **Ingestion.** Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

#### STORAGE

Store in original container protected from sunlight, in a well ventilated area, away from incompatible materials, and food and drink. Keep out of reach of children.

#### SPILL/LEAK

Put on appropriate personal protective equipment. Move container from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

#### DISPOSAL

Dispose of material in accordance with local, state and federal regulations.

#### HAZARDOUS INGREDIENTS

Citrus Terpenes (94266-47-4)
