## Lincoln Solid Flatware Presoak

Fragrance Free

Lincoln is a solid pre-soak that loosens, softens and soaks away food soils and films from silverware, stainless steel, flatware and glass. It contains a blend of detergents and water conditioning agents to safely loosen soil without attacking metal or dishware. It can also be used to detarnish silver.

### DIRECTIONS FOR USE

1. If silver plated flatware is being detarnished, line the bus pan or pail with aluminum foil. 2. Dispense solution of product and warm water into a bus pan or bucket. 3. Place flatware, utensils, or other ware in presoak solution for 15-30 minutes. 4. Remove items from presoak solution, place in racks for dishmachine. 5. Process items through dishmachine. If washing silverplated flatware, use a detergent without chlorine and a non-chlorinated sanitizer. 6. Replace the aluminum foil at least every two hours or as is needed for detarnishing.

### WARNING

#### HAZARD STATEMENTS

Causes skin irritation, causes serious eye damage.

#### PRECAUTIONARY STATEMENTS.

Wear protective gloves and eye protection. Wash thoroughly after handling.

#### FIRST AID

**Eye Contact.** Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention immediately. **Skin Contact.** Wash skin with copious amounts of water. Seek medical attention if symptoms persist. **Inhalation.** Not applicable. **Ingestion.** Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

### STORAGE

Store in original container protected from sunlight in a well ventilated area, away from incompatible materials, food & drink. Keep out of reach of children.

### SPILL/LEAK

Avoid runoff into storm sewers and ditches which leads to waterways. Vacuum or sweep up material and place in a designated waste disposal container.

### DISPOSAL

Dispose of material in accordance with local, state and federal regulations.

### HAZARDOUS INGREDIENTS

Trisodium Phosphate (7601-54-9)  
Disodium Trioxosilicate (6834-92-0)  
Sodium Carbonate (497-19-8)
