

TECHNICAL BULLETIN

Richmond

Produce Treatment

Fragrance Free

Item #480504

4-1 Gallon

PRODUCT DESCRIPTION

WHAT I AM

Richmond is formulated to remove pesticides, chemicals, waxes, dirt, fingerprints and other contaminants from the surfaces of fruits and vegetables. Many contaminants such as pesticides and waxes are hydrophobic and insoluble in plain water. The combination of emulsifiers, organic acids and hydrogen peroxide in Richmond facilitate the removal, suspension and thorough cleaning of these and other contaminants from the surfaces of fresh fruits and vegetables making them 100% safe and edible.

PRODUCT FEATURES

- A safe-for-human fruit and vegetable wash formulated with emulsifiers used in vitamins and other human ingested pills, and organic acid found naturally in many citrus fruits and hydrogen peroxide at levels used safely in antiseptics.
- Synergistic blend of surfactants, organic acids and peroxide enhances ability to thoroughly penetrate, dissolve, clean and suspend extraneous substances returning fruits and vegetables to their natural pristine and safe state.
- Designed to be safe on virtually all types of produce including firm produce like apples, pears, peppers and carrots, and softer produce like grapes and broccoli.

OUR PROMISE

SAFER & STRONGER™

Get the best of both worlds with Cleanslate. Our products are powerful enough to tackle your grimmest surfaces – yet gentle enough for your health & our planet.

Biodegradable Surfactants

Low Toxicity

Phosphorous Free

Cruelty Free

PRODUCT SPECIFICATIONS

Physical Description	Clear liquid
Color	Water white
Odor	Odorless
pH (1%)	3.0 - 4.0
Viscosity	Water thin
Weight per Gallon	8.45 lb / gal
Storage Stability	1 year minimum
D.O.T. Shipping Label	Not regulated

IDEAL FOR

Supermarkets, cafeterias, restaurants, catering halls, nursing homes, hotels, motels and hospitals.
