Salem

Silverware Presoak + Detarnish

Fragrance Free

Item #461004 - 4-1 Gallon, #461005 - 5 Gallon

PRODUCT DESCRIPTION

WHAT I AM

Salem is a liquid presoak and silver detarnisher that loosens dried on food and adds sparkle to stainless steel and silver flatware. The powerful detergent action of Salem softens food soils. Electrolyte action effectively detarnishes silverware in the presence of aluminum.

PRODUCT FEATURES

- Formulation delivers consistently cleaner flatware as the powerful detergent action of Salem softens food soils.
- As an extremely effective pre-soak, Salem reduces the need to rewash stainless steel flatware and silverware due to food soil or film
- Safe on Silver and Stainless since the non-caustic and instant solubility of Salem allows it to be used with all flatware and silverware totally eliminating possibility of chemical burns on silver and stainless steel utensils.
- Electrolytic Detarnishing - the electrolytic nature of Salem solution with aluminum to safely remove tarnish from silver flatware and hollowware safely restores shine to silverplate and sterling.

IDEAL FOR

All flatware and hollowware, uncoated and coated pots, pans, skillets, bakery pans and trays, broiling parts, oven racks and other food preparation utensils.

OUR PROMISE

SAFER & STRONGER™

Get the best of both worlds with Cleanslate.

Our products are powerful enough to tackle your grimeiest surfaces – yet gentle enough for your health & our planet.
