Anchorage

Water Conditioner

Fragrance Free

Item #4044

PRODUCT DESCRIPTION

WHAT I AM

Anchorage is a concentrated water conditioner for commercial and institutional laundry applications. It contains reagents that remove hardness ions, tie up dissolved iron and remove iron deposits, and reduces soil and hardness redeposition on textiles.

PRODUCT FEATURES

- Effectively removes hardness ions from laundry wash water allowing reduced detergent levels to perform better.
- Chelating agents remove iron deposits and bind dissolved iron, dramatically improving detergency in iron-prone laundries.
- Laundered textiles appear whiter and brighter due to prevention of redeposition in hard water conditions.
- Prevents hard water scale build up on laundry equipment.

IDEAL FOR

Commercial laundries, hotels, motels, health care facilities, nursing homes and restaurants.

OUR PROMISE

SAFER & STRONGER™

Get the best of both worlds with Cleanslate.

Our products are powerful enough to tackle your grimeiest surfaces – yet gentle enough for your health & our planet.

Non-Flammable

Commercial Grade

Fast Acting

PRODUCT SPECIFICATIONS

Physical Description	Clear Liquid
