Claremont

Chlorinated Caustic Cleaner

High Foaming
Item #4027

PRODUCT DESCRIPTION

WHAT I AM

Claremont is a heavy duty, foaming, chlorinated liquid alkaline cleaner. Claremont contains a blend of biodegradable synthetic detergents, foam stabilizers, alkaline builders, water softeners, and chlorine. For use on all types of non-porous metal surfaces, including aluminum and galvanized.

PRODUCT FEATURES

- A highly concentrated product effective at dilutions of up to 1:64 with water.
- Combination of mixed alkaline builders with chlorine - as hypochlorite, effectively removes heavy accumulations of food based greases, baked-on oils and soils from food processing equipment while deodorizing them.
- Presence of chlorine stable high foaming agent produces stable, clinging foam for longer contact time, hence more effective cleaning.
- Can be used for regular duty steam cleaning, high pressure washing, or foam washing.

IDEAL FOR

Cleaning and deodorizing of non-porous surfaces in all types of food processing facilities.

OUR PROMISE

SAFER & STRONGER™

Get the best of both worlds with Cleanslate. Our products are powerful enough to tackle your grimeiest surfaces – yet gentle enough for your health & our planet.
