Lexington

Drain + Sewer Treatment

Fragrance Free

Item #4031

PRODUCT DESCRIPTION

WHAT I AM

Lexington is an environmentally safe drain line and grease trap maintainer. It contains a blend of microorganisms and surfactants that rapidly digest, degrade, and emulsify a wide range of fats, oils, grease, cellulose, protein, and starch residues - thereby both eliminating malodors and allowing drains and traps to flow freely.

PRODUCT FEATURES

- Formulated with 100% non-pathogenic beneficial bacteria and organic cleaning compounds making it non-toxic and environmentally safe.
- Used regularly, it reduces grease build-up headaches in traps while preventing formation of blockages in drain lines and down pipes.
- Helps eliminate malodors by digesting the organics that cause them.
- Product is pH neutral and safe/compatible with drains and traps of all metal and non-metal construction.
- By continually dissolving grease it lowers grease disposal costs.

IDEAL FOR

Kitchens, food preparation areas, meat packing rooms, grease traps, drain/down pipes and septic tanks.

OUR PROMISE

SAFER & STRONGER™

Get the best of both worlds with Cleanslate.

Our products are powerful enough to tackle your grimmest surfaces – yet gentle enough for your health & our planet.

Biodegradable
Surfactants

Low
Toxicity

Phosphorous
Free

Non-
Flammable

PRODUCT SPECIFICATIONS

Physical Description	Clear liquid with occasional slight turbidity
Color	Green
Odor	None
pH (1%)	6.0 - 8.0
Viscosity	Water thin
Weight per Gallon	8.3 lb / gal
Storage Stability	1 year minimum
D.O.T. Shipping Label	Not regulated

OPTIMAL APPLICATIONS

Restaurants, cafeterias, food processing plants, bakeries, supermarkets, hotels, schools, hospitals and nursing homes.
