

TECHNICAL BULLETIN

# Pasco

## Protein Stain Remover

Fragrance Free

Item #4338

### PRODUCT DESCRIPTION

## WHAT I AM

Pasco is formulated with a blend of environmentally friendly solvents, emulsifiers, organic alkaline compounds and protease enzymes. This makes it the pre-spotter of choice for fast, safe and easy removal of protein stains including blood, eggs, milk, perspiration and urine.

### PRODUCT FEATURES

- The organic alkaline controlled pH of the product aids in protein stain removal without detrimentally affecting most dyes and fabrics. This makes Pasco a fabric SAFE spotter without compromising on performance.
- Product's formulation allows one to safely flush with live steam directly - without fear of fabric/color damage. This makes Pasco perform in a shorter time - FAST, without need of cold water rinse step.
- The protease enzymes present aid in the breaking down of tough protein-based and/or baked-in stains while the proprietary blend of emulsifiers and solvents enhance loosening, suspending and removal of soils into the cleaning bath. This makes Pasco the preferred spotter for safe, fast and EASY removal of protein-based stains.

### IDEAL FOR

Institutional laundries, health care facilities, hotels, motels and nursing homes.
