Tiverton

Odor + Stain Eliminator

Lavender

Item #4017

PRODUCT DESCRIPTION

WHAT I AM

Tiverton's unique triple-active formulation makes it the first choice for eliminating the toughest malodors and stains including smoke, fish, vomit, feces, and urine from soft surfaces – replacing a malodorous and stained environment with a fresh scented and clean one.

PRODUCT FEATURES

- Contains microbial enzymes that biologically eliminate malodor-causing molecules, chemical agents that trap odor causing molecules, and a powerful neutroleum based fragrance to neutralize and mask malodors, and a pleasant lavender top-note scent wedded to the fragrance blend that together replace the malodorous environment with a fresh scented one.
- Biologically digests urea-forming uric acid salts, proteins, carbohydrates, cellulose, and fats, oils and grease
- Eliminates urine, feces and other body odors and organic stains from carpets, upholstery, other soft surfaces as well as harder surfaces such as tile, grout and cement.
- As a neutral bleach-free product, it's extremely color-safe
- Excellent for maintaining garbage cans and dumpsters with a fresh smell.

IDEAL FOR

Car interiors, locker rooms, urine-stained carpets and upholstery, dumpsters, garbage cans, portable toilets, public restrooms, animal cages, fish stores, and smoking rooms in motels/hotels.
