

TECHNICAL BULLETIN

Elevate

Powdered Alkali Builder

Fragrance Free
Item #481950

PRODUCT DESCRIPTION

WHAT I AM

Elevate is highly alkaline powdered laundry builder with heavy duty performance to "break out" soils. Elevate is designed for use in all commercial, industrial and institutional laundry washing machines. When used at a properly controlled rate, Elevate does not reduce tensile strength of common fabrics such as cotton, polyester and blends. Elevate is not for use on delicate fabrics such as wool and silk.

PRODUCT FEATURES

- High level of alkalinity accelerates the cleaning process especially of heavily soiled textiles by opening the fabric fibers and begins releasing trapped soil particles.
- Highly concentrated formula causes saponification of oils, fats and greases in oily stains thereby solubilizing them into the wash liquor.
- Water conditioners present allow product to be effective even in hard water areas.
- Elevate accomplishes so much while being environmentally friendly.

OUR PROMISE

SAFER & STRONGER™

Get the best of both worlds with Cleanslate. Our products are powerful enough to tackle your grimmest surfaces – yet gentle enough for your health & our planet.

Non-Flammable

Commercial Grade

Fast Acting

PRODUCT SPECIFICATIONS

Physical Description	Granular Powder
Color	White
Flashpoint	None
Odor	Bland
pH (1%)	>12
Viscosity	Water thin
Weight per Gallon	8.35 lb / gal
Storage Stability	1 year minimum
D.O.T. Shipping Label	UN1823/Corrosive, sodium hydroxide, solid mixture/ 8 classes/ PG II

OPTIMAL APPLICATIONS

Commercial laundries, hotels, motels, health care facilities, nursing homes, restaurants, food plants and meat plants.
